INDEPENDENT AUDITOR'S REPORT ON THE BASIC FINANCIAL STATEMENTS AND SUPPLEMENTAL INFORMATION

Superintendent and School Board
Sunflower County School District

I have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Sunflower County School District as of and for the year ended June 30, 2006, which collectively comprise the Sunflower County School District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Sunflower County School District's management. My responsibility is to express opinions on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe my audit provides a reasonable basis for my opinions.

In my opinion, financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the of the Sunflower County School District as of June 30, 2006 and the respective changes in financial position, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, I have also issued my report dated January 10, 2008 on my consideration of the Sunflower County School District's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations contracts and grants and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

The Management's Discussion and Analysis on pages (7) through (12) and the Budgetary Comparison Schedule and corresponding notes on pages (34) through (37) are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, I did not audit the information and express no opinion on it.

My audit was made for the purpose of forming opinions on the financial statements that collectively comprise the Sunflower County School District's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. In addition, the Schedule of Instructional, Administrative and Other Expenditures- Governmental Funds is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information on these statements has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

A handwritten signature in cursive script, appearing to read "Robert D. Smith CPA".

MANAGEMENT'S DISCUSSION AND ANALYSIS

SUNFLOWER COUNTY SCHOOL DISTRICT

(This page left blank intentionally)

SUNFLOWER COUNTY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2006

The discussion and analysis of Sunflower County School District's financial performance provides an overall narrative review of the School District's financial activities for the year ended June 30, 2006. The intent of this discussion and analysis is to look at the School District's performance as a whole; readers should also review the notes to the basic financial statements and the financial statements to enhance their understanding of the School District's financial performance. Information contained in this section is qualified by the more detailed information contained elsewhere in this district's financial statements, notes to financial statements and any accompanying materials. To the extent this discussion contains any forward-looking statements of the district's plans, objectives, expectations and prospects, the actual results could differ materially from those discussed herein.

FINANCIAL HIGHLIGHTS

Total net assets increased by \$ 744,696, which represents a 57.5% increase from fiscal year 2005.

General revenues account for \$10,425,382 in revenue, or 69% of all revenues. Program specific revenues in the form of charges for services and operating grants and contributions accounted for \$4,663,883 or 31% of total revenues.

The District had \$14,344,569 in expenses; only \$4,663,883 of these expenses were offset by program specific charges for services, grants and contributions. General revenues of \$10,425,382 were adequate to provide for these programs.

Among major funds, the General Fund had \$10,245,231 in revenues and \$ 9,499,483 in expenditures. The General Fund's fund balance increased \$777,528 over the prior year. This increase is due to attributable to sound fiscal management.

Capital assets, net of accumulated depreciation, decreased by \$162,375.

Long-term debt decreased by \$254,104. The district authorized \$600,000 in 3 mill notes of which \$49,000 was issued in the current year to make repairs on district building.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. These statements are prepared using the accrual basis of accounting and include all assets and liabilities.

The statement of net assets presents information on all the District's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal years.

The government-wide financial statements outline functions of the District that are principally supported by property taxes and intergovernmental revenues (governmental activities). The governmental activities of the District include instruction, support services, non-instructional, sixteenth section and interest on long-term liabilities.

The government-wide financial statements can be found on pages 14-15 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's current financing requirements. Governmental Funds are reported using modified accrual accounting. This method of accounting measures cash and other assets that can be easily converted to cash. The Governmental Funds Statements provide a detailed short-term view of the school district's operations.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's current financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These reconciliations are on pages 17 and 19, respectively.

The District maintains individual governmental funds in accordance with the *Financial Accounting Manual for Mississippi Public School Districts*. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for all major funds. All other non-major funds are combined together and presented in these reports as other governmental funds.

The basic governmental fund financial statements can be found on pages 16-18 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are not reflected in the government-wide financial statements because resources of those funds are not available to support the District's own programs. The accrual basis of accounting is used for fiduciary funds. The school district is responsible for ensuring that the assets reported in these funds are used for their intended purpose. The school district's fiduciary activities are presented in separate Statements of Fiduciary Net Assets on page 20 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 21-31 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's budget process.

The District adopts an annual operating budget for all governmental funds. A budgetary comparison statement has been provided for the General Fund and each additional major fund. This required supplementary information can be found on pages 34-37 of this report.

Additionally, a schedule of expenditures of federal awards is required by OMB Cir. A-133 and can be found on pages 40-41 of this report and a schedule of instructional, administrative and other expenditures-governmental funds can be found on page 42.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net assets. Net assets may serve over time as a useful indicator of government's financial position. In the case of the District, assets exceeded liabilities by \$2,039,095 as of June 30, 2006.

The District's net assets are comprised of its investment in capital assets (e.g., land, buildings, building improvements, improvements other than buildings, mobile equipment, and furniture and equipment, less any related debt used to acquire those assets that is still outstanding plus restricted net assets and unrestricted net assets less current liabilities to be paid from those assets. The District's net capital assets are not a major component of net assets, accounting as debt exceeds net capital assets. Of the remaining net assets 68.7% or 2,575,725 is unrestricted and may be expended at the discretion of the school board. The remaining 31.3% is restricted for permanent fund investments, debt service, capital improvements, and unemployment benefits.

The District's financial position is a product of several financial transactions including the net result of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets and the depreciation of capital assets.

The following table presents a summary of the District's net assets for the fiscal year ended June 30, 2006 compared to the same period in 2005.

	<u>Governmental Activities</u>		Percentage Change
	2006	2005	
Current assets	4,453,127	3,709,899	20.03%
Capital assets, net	<u>3,035,189</u>	<u>3,197,564</u>	<u>-5.08%</u>
Total assets	<u>7,488,316</u>	<u>6,907,463</u>	<u>8.41%</u>

Invested in capital assets, net of related debt	(929,811)	(1,036,436)	10.29%
Restricted	393,991	379,658	-3.78%
Unrestricted	<u>2,575,725</u>	<u>1,951,987</u>	<u>-31.95%</u>
Total net assets	<u>2,039,905</u>	<u>1,295,209</u>	<u>57.50%</u>

The following are significant current year transactions that have had an impact on the Statement of Net Assets.

The addition of \$772 in new assets by completion of a construction project.

The principal retirement of \$ 318,000 of long-term debt.

The issuance of \$49,000 of new long-term debt.

Changes in net assets. The District's total revenues for the fiscal year ended June 30, 2006, were \$15,089,265. The total cost of all programs and services was \$14,344,569. The following table presents a summary of the changes in net assets for the fiscal year ended June 30, 2006 compared to the same period in 2005

	<u>Governmental Activities</u>		<u>Percent</u>
	<u>2006</u>	<u>2005</u>	<u>Change</u>
Revenues:			
Program revenues

16th Section	87,027	108,421	-19.73%	(87,027)	(108,421)	-19.73%
Interest on long-term obligatio	189,351	205,336	-7.78%	132,515	116,530	13.72%
	<u>14,344,569</u>	<u>14,070,713</u>	<u>1.95%</u>	<u>(9,680,686)</u>	<u>(9,147,653)</u>	<u>5.83%</u>

placed on the State and District's taxpayers by each of these functions.

Net cost of governmental activities \$ 9,680,686, was financed by general revenue, which is made up of primarily property taxes \$2,353,798, state revenue \$7,628,048, and sixteenth section revenue \$227,038.

Investment earnings accounted for \$32,153 of funding.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on current inflows, outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

The financial performance of the District as a whole is reflected in its governmental funds. As the District completed the year, its governmental funds reported a combined fund balance of \$3,143,073, a increase of \$653,698. \$2,743,219 or 87% of the fund balance constitutes unreserved and undesignated fund balance, which is available for spending at the District's discretion. The remaining fund balance of \$399,854 or 13% is reserved or designated to indicate that it is not available for spending because it has already been committed.

The General Fund is the principal operating fund of the District. The increase in fund balance in the General Fund for the fiscal year was \$ 777,528 primarily the result of sound fiscal management. The fund balance of the Food Service Fund increased by \$25,763 due to saving of funds for equipment purchases. The fund balance of Other Governmental Funds showed a decrease of \$149,593 due primarily funds used for the retirement of long term debt.

BUDGETARY HIGHLIGHTS

Over the course of the year, the District revised the annual operating budget.

The budget was amended at year end to reflect actual performance for the year. Revenues were amended to the amount received and expenditures were amended to the amount incurred.

A schedule showing the original and final budget amounts compared to the District's actual financial for the General Fund and other major funds is provided in this report as required supplementary information.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. As of June 30, 2006, the District's total capital assets were \$6,915,914, including land, school buildings, buses, other school vehicles and furniture and equipment. This amount represents an decrease of \$54,291 from the previous year due to retirements from fixed assets. Total accumulated depreciation as of June 30, 2006, was \$3,880,725 and total depreciation expense for the year was \$157,641, resulting in total net assets of \$2,985,632.

	Capital Assets Net of Depreciation		Percentage
	2006	2005	Change
Land	86,550	86,550	0.00%
Construction in progress	0	54,020	100.00%
Buildings	2,495,538	2,518,310	-0.90%
Improvements other than buildings	34,656	36,163	-4.17%
Mobile equipment	380,458	450,473	-15.54%
Furniture and equipment	37,987	52,048	-27.02%
Total	<u>3,035,189</u>	<u>3,197,564</u>	<u>-5.08%</u>

Additional information of the District's capital assets can be found in Note 5 on pages 27-28 of this report.

Debt Administration. At June 30, 2006, the District had \$4,053,089 in general obligation bonds and other long-term debt outstanding, of which \$335,000 is due within one year. During the year the district issued \$49,000 of 3 mill notes to fund repairs to district property.

The District maintains a AA bond rating.

	Balance <u>7-1-05</u>	<u>Additions</u>	<u>Reductions</u>	Balance <u>6-30-06</u>	Due within <u>one year</u>
A. Limited obligation bonds payable	3,075,000		175,000	2,900,000	185,000
B. Three mill notes payable	1,159,000	49,000	143,000	1,065,000	150,000
C. Compensated absences payable	<u>73,193</u>	<u>14,896</u>		<u>88,089</u>	<u>0</u>
Total	<u>\$4,307,193</u>	<u>\$63,896</u>	<u>\$318,000</u>	<u>\$4,053,089</u>	<u>\$335,000</u>

Additional information of the District's long-term debt can be found in Note 6 on pages 28-29 of this report.

CURRENT ISSUES

The Sunflower County School District is currently financially sound. The District is proud of its community support of the public schools.

The District is now committed to financial excellence. The millage has increased only slightly over the last few years despite additional mandated expenditures by the State of Mississippi. In addition, the district system of financial planning, budgeting and internal financial controls are now well regarded. The District plans to continue its sound fiscal management to meet the challenges of the future.

Latest enrollment figures indicate that student enrollment in the District will decrease by 4 students. The budget for the next fiscal year has taken into account this decrease in both funding and staffing needs.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

If you have questions about this report, contact the Superintendent's Office of the Sunflower County School District, P. O. Box 70, Indianola, MS 38751.

SUNFLOWER COUNTY SCHOOL DISTRICT

Notes to the Financial Statements For the Year Ending June 30, 2006

(1) Summary of Significant Accounting Policies.

The accompanying financial statements of the school district have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). GASB is the accepted standard-setting body for governmental accounting and financial reporting principles. The most significant of the school district's accounting policies are described below.

A. Financial Reporting Entity.

For financial reporting purposes, the entity includes all funds that are covered by the oversight responsibility of the school district's governing board. As defined by accounting principles generally accepted in the United States of America, the school district is considered a "primary government." The school district is governed by a (5) member board of which each member was elected by the citizens of each defined county district.

B. Basis of Presentation.

The school district's basic financial statement consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements:

The Statement of Net Assets and Statement of Activities display information about the school district as a whole. They include all funds of the reporting entity except for fiduciary funds, if applicable. Governmental activities generally are financed through taxes, intergovernmental revenues and other non exchange revenues.

The Statement of Net Assets presents the financial condition of the governmental activities of the school district at year-end. The Government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each function or program of the school district's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the school district, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the school district.

Fund Financial Statements:

Fund financial statements of the school district are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues and expenditures. Funds are organized into two major categories: governmental and fiduciary. An emphasis is placed on major funds within the governmental category.

C. Measurement Focus and Basis of Accounting.

In the government-wide Statement of Net Assets and Statement of Activities, governmental activities are presented using the economic resources measurement focus and the accrual basis of accounting as are the Fiduciary Fund financial statements. Revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used, regardless of when the related cash flow takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like

SUNFLOWER COUNTY SCHOOL DISTRICT

Notes to the Financial Statements For the Year Ending June 30, 2006

transactions are recognized when the exchange takes place. Program revenues on the Statement of Activities consist primarily of state appropriations and federal awards.

In the fund financial statements, governmental funds and agency funds are presented using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when "measurable and available". Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. Property taxes, state appropriations and federal awards associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due.

The school district reports the following major governmental funds:

General Fund - This is the school district's primary operating fund. It accounts for all financial resources of the school district, except those required to be accounted for in another fund.

School Food Service Fund- This fund accounts for funds used to provide meals for children at a price based on need and to faculty at a price not less than cost.

IDEA Fund - This is the school district's federal reimbursable fund that serves to fund the special education program.

All other governmental funds not meeting the criteria established for major funds are presented in the other governmental column of the fund financial statements.

Additionally, the school district reports the following fund types:

GOVERNMENTAL FUNDS

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted for specific expenditure purposes.

Capital Projects Funds - Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

Debt Service Funds - Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

Permanent Funds - Permanent Funds are used to account for resources that are legally restricted to the extent that only earnings, and not the principal, may be used for purposes that support the district's programs.

FIDUCIARY FUNDS

Agency Funds - Agency Funds are used to report resources held by the district in a purely custodial capacity (assets equal liabilities) and do not involve measurement of results of operations.

D. Account Classifications.

The account classifications used in the financial statements conform to the broad classifications recommended in *Governmental Accounting, Auditing, and Financial Reporting* as issued in 2005 by the Government Finance Officers Association and are consistent with the broad classifications recommended in *Financial Accounting for Local and State School Systems, 2003* issued by the U.S. Department of Education.

E. Encumbrances.

SUNFLOWER COUNTY SCHOOL DISTRICT

Notes to the Financial Statements For the Year Ending June 30, 2006

An encumbrance system is not maintained to account for commitments resulting from approved purchase orders, work orders and contracts.

F. Cash and Cash Equivalents.

The school district deposits excess funds in financial institutions selected by the school board. State statutes specify how these depositories are to be selected.

Cash and cash equivalents consists of amounts on deposit in demand accounts and certificates of deposit with maturities of three months or less. Cash and cash equivalents are valued at cost.

G. Investments.

The school district can invest its excess funds, as permitted by Section 29-3-113, Miss. Code Ann. (1972), in interest-bearing deposits or other obligations of the types described in Section 27-105-33, Miss. Code Ann. (1972), or in any other type investment in which any other agency, instrumentality or subdivision of the State of Mississippi may invest, except that 100% of said funds are authorized to be so invested.

For accounting purposes, certificates of deposit are classified as investments if they have a maturity greater than three months when acquired.

Investments are reported at fair value.

H. Inventories and Prepaid Items.

Donated commodities are received from the USDA and are valued at USDA cost. Other inventories are valued at cost (calculated on the first-in, first-out basis).

The cost of governmental fund type inventories are reported as expenditures when purchased.

Prepaid items, such as prepaid insurance, are not reported for governmental fund types since the cost of such items are accounted for as expenditures in the period of acquisition.

I. Capital Assets.

Capital acquisition and construction are reflected as expenditures in the Governmental Fund statements and the related assets are reported as capital assets in the governmental activities column in the government-wide financial statements.

Capital assets are reported at actual or estimated historical cost based on appraisals or deflated current replacement cost. Contributed assets are reported at estimated fair value at the time received.

Capitalization thresholds (dollar value above which asset acquisitions are added to the capital asset accounts) and estimated useful lives of capital assets are reported in the government-wide statements.

Depreciation is calculated on the straight-line basis for all assets, except land. The following schedule details those thresholds.

	<u>Capitalization Policy</u>	<u>Estimated Useful Life</u>
Land	\$ 0	0
Buildings	\$50,000	40 years
Building improvements	\$25,000	20 years
Improvements other than buildings	\$25,000	20 years
Mobile equipment	\$ 5,000	5-10 years
Furniture and equipment	\$ 5,000	3-7 years

SUNFLOWER COUNTY SCHOOL DISTRICT

Notes to the Financial Statements For the Year Ending June 30, 2006

Leased property under capital leases \$ * *

(*) The threshold amount will correspond with the amounts for the asset classifications, as listed.
See Note 5 for details.

J. Long-term liabilities.

Long-term liabilities are the unmatured principal of bonds, warrants, notes, or other forms of noncurrent or long-term general obligation indebtedness. Long-term liabilities are not limited to liabilities from debt issuances, but may also include liabilities on lease-purchase agreements and other commitments. In the government-wide Statement of Net Assets, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column. See Note 6 for details.

K. Interfund Transactions and Balances.

Interfund transactions and balances are the result of timing differences between the date expenses/expenditures occur and the date payments are made.

Short-term (due within one year) interfund loan receivables are reported as "due from other funds" and are considered available expendable resources. Noncurrent portions of long-term interfund loan receivables are reported as advances and are offset equally by a fund balance reserve account which indicates that they do not constitute expendable available financial resources and, therefore, are not available for appropriation.

Transfers are used to (a) move revenues from the fund that statute or budget requires to collect to the fund that statute or budget requires to expend them and to (b) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Assets. See Note 4 for details for interfund transactions, including receivables and payables at year-end.

L. Equity Classifications.

Government-wide Financial Statements:

Equity is classified as net assets and displayed in three components:

1. Invested in capital assets, net of related debt - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, constructions or improvement of those assets.
2. Restricted net assets - Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
3. Unrestricted net assets - All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Fund Financial Statements:

Governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved, with unreserved classified as designated and undesignated.

Fund reserves are portions of fund equity that are legally segregated for specific future use or are not available for current operations. Following is a description of fund reserves used by the district:

SUNFLOWER COUNTY SCHOOL DISTRICT

Notes to the Financial Statements For the Year Ending June 30, 2006

Reserved for inventory - An account that represents a portion of the fund balance which indicates that inventories do not represent available spendable resources even though they are a component of net current assets.

Reserved for capital projects - An account that represents that portion of fund balance in the Capital projects fund which was legally restricted and not available for spending for any other purpose than that for which it is restricted.

Reserved for debt service - An account that represents that portion of fund balance in the debt service fund which was legally restricted and not available for spending for any other purpose than that for which it is restricted.

Reserved for unemployment benefits - An account that represents a portion of the fund balance that is legally restricted for the payment of unemployment benefits.

Reserved for permanent fund purposes - An account that represents a portion of the fund balance that is legally restricted for investment purposes or borrowing by the school board for capital purposes.

M. Property Taxes

Ad valorem property taxes are levied by the governing authorities of the county on behalf of the school district based upon an order adopted by the school board of the school district requesting an ad valorem tax effort in dollars. Since the taxes are not levied and collected by the school district, the revenues to be generated by the annual levies are not recognized until the taxes are actually collected by the tax levying authority.

N. Mississippi Adequate Education Program Revenues.

Revenues from the adequate education program are appropriated on a fiscal year basis and are recorded at the time the revenues are received from the state of Mississippi.

O. Compensated Absences.

Employees of the school district accumulate sick leave at a minimum as required by state law or at a greater amount provided by school district policy. Some employees are allowed personal leave and/or vacation leave in accordance with school district policy. The district pays for unused leave for employees as required to do so by Section 37-7-307(5), Miss. Code Ann. (1972).

The liability for these compensated absences is recorded as long-term liabilities in the government-wide statements. The current portion of this liability is estimated based on historical trends. In the fund financial statements, governmental funds report the compensated absence liability payable from expendable available financial resources only if the payable has matured, for example, an employee retires.

P. Estimates.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

(2) Changes in Accounting Standards

As required, the School District has implemented Government Accounting Standards Board (GASB) Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries* for the current fiscal year. This Statement requires governments to evaluate major events effecting capital assets to determine whether they are impaired. Such events include physical damage, changes in legal or environmental factors technology changes or obsolescence, changes in the manner or

SUNFLOWER COUNTY SCHOOL DISTRICT

Notes to the Financial Statements For the Year Ending June 30, 2006

duration of use and construction stoppage. Appropriate note disclosures have been incorporated to comply with the requirements of this standard.

(3) Cash and Cash Equivalents, and Investments

Cash and Cash Equivalents.

The district follows the practice of aggregating the cash assets of various funds to maximize cash management, efficiency and returns. Restrictions on deposits and investments are imposed by statutes as follows:

Deposits. The school board must advertise and accept bids for depositories no less than once every three years as required by Section 37-7-333, Miss. Code Ann. (1972). The collateral pledged for school district deposits in financial institutions are held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of a failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation.

Investments. Section 29-3-113 and 37-59-43, Miss. Code Ann. (1972), authorizes the school board to invest surplus funds in the types of investments authorized by Section 27-105-33(d) and (e), Miss. Code Ann. (1972). This section permits the following types of investments: (a) certificates of deposits and interest bearing accounts with qualified state depositories; (b) direct United States Treasury obligations; (c) United States Government agency, United States Government instrumentality or United States Government sponsored enterprise obligations, the principal and interest of which are fully guaranteed by the government or enumerated agency of the United States; (d) direct security repurchase agreements and reverse direct security repurchase agreements of any federal book entry of only those securities enumerated in (b) and (c) above; (e) direct obligations issued by the United States of America that are deemed to include securities of, or interest in, and open-end or closed-end any management type investment company or investment trust approved by the State Treasurer and the Executive Director of the Department of Finance and Administration. Investment income on bond funds (Capital Projects), bond sinking funds (Debt Service Funds) and sixteenth section principal funds (Permanent Funds) must be credited to those funds. Investment income of \$100 or more of any fund must be credited to that fund. Amounts less than \$100 can be credited to the General Fund.

Cash and Cash Equivalents.

The carrying amount of the school district's deposits with financial institutions reported in the governmental funds and fiduciary funds was \$3,097,247 and \$367,454, respectively. The carrying amount of deposits reported in the government-wide financial statements was: Cash and Cash Equivalents - \$3,081,415 and Restricted Assets - \$15,832. The bank balance was \$3,541,243.

Investments.

As of June 30, 2006, the district had the following investments, which are all in an internal investment pool.

<u>Investment Type</u>	<u>Maturities</u>	<u>Fair Value</u>	<u>Rating</u>
Handcock Horizon Treasury Fund	Less than 1 year	<u>\$25,888</u>	None
Total Investments		<u>\$25,888</u>	

SUNFLOWER COUNTY SCHOOL DISTRICT

Notes to the Financial Statements For the Year Ending June 30, 2006

Custodial Credit Risk - Deposits. Custodial credit risk is defined as the risk that, in the event of the failure of a financial institution, the district will not be able to recover deposits or collateral securities that are in the possession of an outside party. The district does not have a deposit policy for custodial credit risk. However, the Mississippi State Treasurer manages that risk on behalf of the district. Deposits above FDIC coverage are collateralized by the pledging financial institutions trust department or agent in the name of the Mississippi State Treasurer on behalf of the district. As of June 30, 2005, none of the district's bank balance of \$3,541,243 was exposed to custodial credit risk.

Interest Rate Risk. The district does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. State law limits investments to those prescribed in Sections 27-105-33(d) and 27-105-33(e), Miss. Code Ann. (1972). The district does not have a formal investment policy that would further limit its investment choices or one that addresses credit risk.

Custodial Credit Risk - Investments. Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty, the district will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The district does not have a formal investment policy that addresses custodial credit risk. As of June 30, 2005 none of the district's investment balance of \$25,888 was exposed to custodial credit risk.

(4) Interfund Transactions and Balances.

The following is a summary of interfund transactions and balances:

A. Due From/To Other Funds:

Due From/To Other Funds:	<u>Due From</u>	<u>Due to</u>
Governmental Funds		
General Fund	\$1,158,352	\$116,120
Child Nutrition Fund		263,207
IDEA Fund		308,300
Other Governmental Funds	115,764	224,217
Fiduciary Funds		362,272
Total	<u>\$1,274,116</u>	<u>\$1,274,116</u>

Interfund loans are necessary to provide cash to reimbursable programs at year end, since the actual cash is not received until after June 30.

B. Transfers In/Out:

	<u>Transfers In</u>	<u>Transfers Out</u>
Governmental Funds		
General Fund	264,296	246,946
Child Nutrition Fund		68,160
IDEA Fund		10,991
Other Governmental Funds	307,083	245,282
Total	<u>\$571,379</u>	<u>\$571,379</u>

Transfers were made from federal funds for indirect costs. Also, transfers were made from the General Fund to other governmental funds to offset program cost which were not reimbursed by state or federal funds.

(5) Capital Assets.

The following is a summary of changes in general fixed assets:

SUNFLOWER COUNTY SCHOOL DISTRICT

**Notes to the Financial Statements
For the Year Ending June 30, 2006**

	Balance 7-1-05	Additions	Deletions	Adjustments	Balance 6-30-06
Land	86,550				86,550
Construction in progress	54,020	772		(54,792)	0
	<u>140,570</u>	<u>772</u>	<u>0</u>	<u>(54,792)</u>	<u>86,550</u>
Buildings	4,941,928			54,792	4,996,720
Improvements other than buildin	37,669				37,669
Mobile equipment	1,431,342		55,063		1,376,279
Furniture and equipment	418,696				418,696
Total dwpreciable assets	<u>6,829,635</u>	<u>0</u>	<u>55,063</u>	<u>54,792</u>	<u>6,829,364</u>
Less accumulated depreciation for:					
Buildings	2,423,618	77,564			2,501,182
Improvements other than buildin	1,506	1,507			3,013
Mobile equipment	980,869	64,509	49,557		995,821
Furniture and equipment	366,648	14,061			380,709
Total accumulated depreciation	<u>3,772,641</u>	<u>157,641</u>	<u>49,557</u>	<u>0</u>	<u>3,880,725</u>
Net depreciable assets	<u>3,056,994</u>	<u>(157,641)</u>	<u>5,506</u>	<u>54,792</u>	<u>2,948,639</u>
Governmental activities capital assets net	<u>3,197,564</u>	<u>(156,869)</u>	<u>5,506</u>	<u>0</u>	<u>3,035,189</u>

Depreciation was charged to the following functions:

	Amount
Instruction	79,071
Support services	64,508
Non-instructional	14,062
Total depreciation expense	<u>157,641</u>

The capital assets above include significant amounts of buildings which have been valued at estimated historical cost. The estimated historical cost was based on replacement cost multiplied by the consumer price index implicit price deflator for the year of acquisition.

(6) General Long-term Debt and Other Obligations.

The following is a summary of changes in general long-term debt and other obligations:

	Balance 7-1-05	Additions	Reductions	Balance 6-30-06	Due within one year
A. Limited obligation bonds payable	3,075,000		175,000	2,900,000	185,000
B. Three mill notes payable	1,159,000	49,000	143,000	1,065,000	150,000
C. Compensated absences payable	73,193	14,896		88,089	0
Total	<u>\$4,307,193</u>	<u>\$63,896</u>	<u>\$318,000</u>	<u>\$4,053,089</u>	<u>\$335,000</u>

A. Limited obligation bonds payable.

Limited obligation bonds are direct obligations and pledge the full faith and credit of the school district. Limited obligation bonds currently outstanding are as follows:

SUNFLOWER COUNTY SCHOOL DISTRICT

Notes to the Financial Statements For the Year Ending June 30, 2006

<u>Description</u>	<u>Interest Rate</u>	<u>Issue Date</u>	<u>Maturity Date</u>	<u>Amount Issued</u>	<u>Amount Outstanding</u>
State aid capital improvement Bonds, Series 1998	4.60-5.70%	3/1/98	3/1/18	\$3,890,000	\$2,900,000

The following is a schedule by years of the total payment due on this debt:

Year Ending June 30.

Year	Principal	Interest	Total
2007	185,000	133,290	318,290
2008	195,000	123,855	318,855
2009	205,000	115,275	320,275
2010	215,000	106,050	321,050
2011	225,000	96,375	321,375
2012-2016	1,280,000	318,550	1,598,550
2017-2021	595,000	41,400	636,400
Total	<u>2,900,000</u>	<u>934,795</u>	<u>3,834,795</u>

The State aid capital improvement bonds are secured by an irrevocable pledge of certain revenues the district receives from the State of Mississippi pursuant to the Mississippi Accountability and Adequate Education Program Act, Sections 37-151-1 through 37-151-7 Miss. Code Ann. (1972). The State aid capital improvement bonds are not included in the computation of the debt limit percentage. This debt will be retired from the MAEP Debt Service Fund.

B. Three mill-ten year notes payable.

<u>Description</u>	<u>Interest Rate</u>	<u>Issue Date</u>	<u>Maturity Date</u>	<u>Amount Issued</u>	<u>Amount Outstanding</u>
Sunflower County School District Limited Tax Notes, Series 1998	6.00%	7/1/97	7/1/07	\$500,000	\$121,000

Total	<u>1,065,000</u>	<u>215,605</u>	<u>1,280,605</u>

This debt will be retired from the 3 Mill Debt Service Fund.

C. Compensated absences payable.

As more fully explained in Note 1(O), compensated absences is adjusted on an annual basis as required by Section 37-7-307(5), Miss. Code Ann. (1972).

(7) Defined Benefit Pension Plan.

SUNFLOWER COUNTY SCHOOL DISTRICT

Notes to the Financial Statements For the Year Ending June 30, 2006

Plan Description. The school district contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing, multiple-employer, defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by state law and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Public Employee's Retirement System of Mississippi, PERS Building, 429 Mississippi Street, Jackson, Mississippi 39201 or by calling (601) 359-3589 or 1-800-444-PERS.

Funding Policy. PERS members are required to contribute 7.25% of their annual covered salary the school district is required to contribute at an actuarially determined rate. The current rate is 10.75% of annual covered payroll. The contribution requirements of PERS members and employers are established and may be amended only by the State of Mississippi Legislature. The school district's contributions to PERS for the fiscal years ending June 30, 2006, 2005, and 2003 were \$623,431, \$613,744 and \$688,798, respectively, which equaled the required contribution for each year.

(8) Sixteenth Section Funds.

Sixteenth section lands, or lands granted in lieu thereof, constitute property held in trust for the benefit of the public schools. The school board, under the general supervision of the Office of the Secretary of State, has control and jurisdiction of said school trust lands and of all funds arising from any disposition thereof. It is the duty of the school board to manage the school trust lands and all funds arising therefrom as trust property. Accordingly, the board shall assure that adequate compensation is received for all uses of the trust lands, except for uses by the public schools. The following are the future rental payments to be made to the school district for the use of school trust lands. These future rental payments are from existing leases and do not anticipate renewals or new leases.

Year Ending June 30,

2007	168,998
2008	162,678
2009	141,135
2010	134,328
2011	95,472
2012 - 2016	<u>3,703</u>

Total	<u><u>706,314</u></u>
-------	-----------------------

(9) Risk Management.

The school district is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters. Except as described below, the district carries commercial insurance for these risks. Settled claims resulting from these insured risks have not exceeded commercial insurance coverage in any of the past three years.

Participation in Public Entity Risk Pool.

The school district is a member of the Mississippi School Boards Association Workers' Compensation Trust (MSBAWCT). The trust is a risk-sharing pool; such a pool is frequently referred to as a self-insurance pool. The trust consist of approximately 119 school districts and covers risks of loss arising from injuries to the school district's employees. The Mississippi Workers' Compensation Commission requires that an indemnity agreement be executed by each member in a workers' compensation self-insurance pool for the purpose of jointly and severally binding the pool and each of the employers comprising the group to meet the workers' compensation obligations of each member. Each member of MSBAWCT contributes quarterly to a fund held in trust by Bancorp South Bank in Jackson. The funds in the trust account are used to pay any claim up to \$500,000. For a claim exceeding \$500,000, MSBAWCT has insurance which will pay the excess up to \$25,000,000. If total claims during a year were to deplete the trust account, then the member school districts

SUNFLOWER COUNTY SCHOOL DISTRICT

Notes to the Financial Statements For the Year Ending June 30, 2006

would be required to pay for the deficiencies. The district has not had an additional assessment for excess losses incurred by the pool.

(10) Alternative School Consortium.

The school district entered into an Alternative School Agreement dated November 6, 1996 creating the North Delta Alternative School. This consortium was created pursuant to the provisions of Section 37-13-92(6), Miss. Code Ann. (1972), and approved by the Mississippi Department of Education and includes the West Tallahatchie School District, Coahoma County School District, Drew School District, North Bolivar School District, Quitman County School District, Mound Bayou School District, Coahoma Agricultural High School District. and Sunflower County School District.

Section 37-13-92(6), Miss. Code Ann. (1972), allows two or more adjacent school districts to enter into a contract to operate an alternative school program. The school board of the school district designated by the agreement as the lead district will serve as the governing board of the alternative school program. Transportation for students attending the alternative school program will be the responsibility of the individual school district sending the students.

West Tallahatchie School District has been designated as the lead school district for the North Delta Alternative School, and the operations of the consortium are included in its financial statements.

SUNFLOWER COUNTY SCHOOL DISTRICT

Notes to the Required Supplementary Information For the Year Ending June 30, 2006

Notes to the Required Supplementary Information

(1) Basis of Presentation.

The Budgetary Comparison Schedules present the original legally adopted budget, the final legally adopted budget, the actual data on the GAAP basis, variances between the original budget and the final budget, and variances between the final budget and the actual data.

(2) Budget amendments and revisions.

The budget is adopted by the school board and filed with the taxing authority. Amendments can be made on the approval of the school board. By statute, final budget revisions must be approved on or before October 15. A budgetary comparison is presented for the General Fund and each major Special Revenue Fund consistent with accounting principles generally accepted in the United States of America.

(3) Individual Fund Disclosures.

The General Fund has an excess of expenditures over budget in the amount of \$163,409. The fund with the excess of expenditures over budget is not in violation of state law since the excess resulted from auditor's adjustments.

CLARKSDALE MISSISSIPPI 38614

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Superintendent and School Board
Sunflower County School District

I have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Sunflower County School District as of and for the year ended June 30, 2006, which collectively comprise the Coahoma County School District's basic financial statements and have issued my report thereon dated January 10, 2008. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

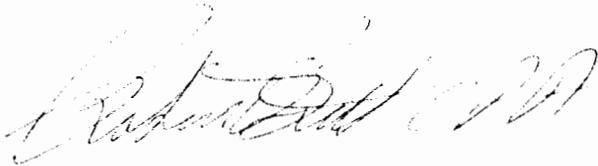

In planning and performing my audit, I considered the school district's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing my opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I did not note any matters involving internal control over financial reporting and its operation that I consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the school district's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and,

accordingly, I do not express such an opinion. The results of my tests did not disclose any instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, I noted certain immaterial instances of noncompliance that we have reported to management of the school district in a separate letter dated January 10, 2008, which is included in this report..

This report is intended solely for the information and use of the school board and management, entities with accreditation overview, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

A handwritten signature in cursive script, appearing to read "Robert D. Smith".

TELEPHONE 662-624-6064
FAX 662-627-3964
CLARKSDALE MISSISSIPPI 38614

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Superintendent and School Board
Sunflower County School District

Compliance

I have audited the compliance of the Sunflower County School District with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2006. The school district's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the district's management. My responsibility is to express an opinion on the school district's compliance based on my audit

I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America: the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the school district's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances. I believe that my audit provides a reasonable basis for my opinion. My audit does not provide a legal determination of the school district's compliance with those requirements.

In my opinion the Sunflower County School District, complied, in all material respects with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006.

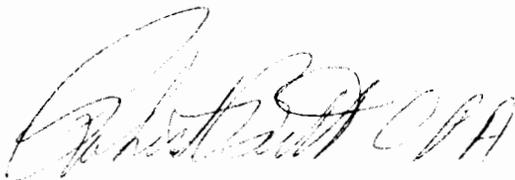

Internal Control Over Compliance

The management of the Sunflower County School District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing my audit, I considered the school district's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine my auditing procedures for the purpose of expressing my opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

I noted a certain matter involving the internal control over compliance and its operation that I consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in my judgment, could adversely affect the school district's ability to administer a major federal program in accordance with applicable requirements of laws, regulations, contracts and grants. The reportable condition is described in the Schedule of Findings and Questioned Costs as Finding 06-01

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. My consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, I believe the reportable condition described in the finding referred to above is not a material weakness.

This report is intended solely for the information and use of the school board and management, entities with accreditation overview, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

A handwritten signature in cursive script, appearing to read "C. R. Smith CPA".

Superintendent and School Board
Sunflower County School District

I have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Sunflower County School District as of and for the year ended June 30, 2006, which collectively comprise Sunflower County School District's basic financial statements, and have issued my report thereon dated January 10, 2008. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Section 37-9-18(3), Miss. Code Ann. (1972), states in part, "the auditor shall test to insure that the school district is complying with the requirements of Section 37-61-33(3)(a)(iii), Miss. Code Ann. (1972), relating to classroom supply funds". As required by the state legal compliance audit program prescribed by the Office of the State Auditor, I have also performed procedures to test compliance with certain other state laws and regulations. However, providing an opinion on compliance with all state laws and regulations was not an objective of my audit and, accordingly, I do not express such an opinion.

The results of my procedures performed to test compliance with the requirements of Section 37-61-33(3)(a)(iii), Miss. Code Ann. (1972), disclosed no instances of noncompliance. The district reported \$89,000 of classroom supply funds carried over from previous years.

The results of procedures performed to test compliance with certain other state laws and regulations and my audit of the financial statements disclosed the following immaterial instances of noncompliance with other state laws and regulations. My findings and recommendations and your responses are as follows:

Finding 1

Section 37-59-43 , Mississippi Code Ann.(1972) required interest earned by any fund in excess of \$100 be recorded in the investing fund. The district maintains a pooled account for most of its funds. No allocation of interest was made to funds which, if invested separately, would have earned more than \$100.

Recommendation

The district should comply with Section 37-59-43 , Mississippi Code Ann.(1972) and record interest in the investing fund in any instance in which a fund earns more than \$100 in interest.

Response

The district will comply with state law and allocate interest to funds within the district's pooled bank account when such earnings exceed \$100.

Finding 2

Section 37-59-43 , Mississippi Code Ann.(1972) required investment income on Debt Service Funds must be credited to those funds. The district held some debt service funds in the district's pooled account and no interest was credited to the debt service fund for the funds held in the pooled account.

Recommendation

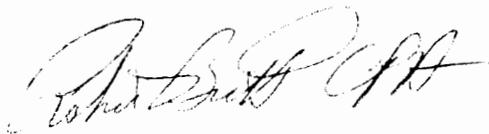

The district should comply with Section 37-59-43 , Mississippi Code Ann.(1972) and record all investment income from debt service investments in the debt service fund.

Response

The district will move these funds to the debt service fund bank account and repay all interest lost.

The Office of the State Auditor or a public accounting firm will review, on the subsequent year's audit engagement, the findings in these report to insure that corrective action has been taken.

This report is intended solely for the information and use of the school board and management, entities with accreditation overview, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

SUNFLOWER COUNTY SCHOOL DISTRICT

Schedule of Findings and Questioned Costs
For the Year Ended June 30, 2006

Section 1: Summary of Auditor's results

Financial Statements:

- | | |
|--|-------------|
| 1. Type of auditor's report issued on the basic financial statements: | Unqualified |
| 2. Material noncompliance relating to the basic financial statements? | No |
| 3. Internal control over financial reporting: | |
| a. Material weakness(es) identified? | No |
| b. Reportable condition(s) identified that are not considered to be material weaknesses? | No |

Federal Awards:

- | | |
|--|-------------|
| 4. Type of auditor's opinion issues on compliance for major programs: | Unqualified |
| 5. Internal control over major programs: | |
| a. Material weakness(es) identified? | No |
| b. Reportable condition(s) identified that are not considered to be material weaknesses? | Yes |
| 6. Any audit finding(s) reported as required by Section ____.510(a) of Circular A-133? | No |
| 7. The major programs were: | |

Child Nutrition Cluster	
School Breakfast Program	- CFDA 10.553
National School Lunch Program	- CFDA 10.555
Special Education Cluster	
Special Education Grants to States	- CFDA 84.027
Special Education -Preschool Grants	- CFDA 84.173
Title I Grants to Local Educational Agencies	- CFDA 84.010

- | | |
|---|------------|
| 8. The dollar threshold used to distinguish between Type A and Type B programs: | \$300,000. |
| 9. Auditee qualified as a low-risk auditee? | Yes |
| 10. Prior fiscal year audit finding(s) and questioned cost relative to federal awards which would require the auditee to prepare a summary of prior audit findings as discussed in Section ____.315(b) of OMB Circular A-133. | No |

Section 2: Findings Related to the Financial Statements

The results of my tests did not disclose any findings related to the financial statements that are required to be reported by *Government Auditing Standards*.

Section 3: Findings and Questioned Cost for Federal Awards

Reportable Condition Not Considered to be Material Weaknesses

06-01 Finding

Program: Special Education Grants to States - CFDA # 84.027

U. S. Department of Education

Compliance requirement: Period of Availability

The district failed to requested funds in a timely manner. At June 30 2006 over seventy-five percent (75%) of the funds expended under this program had not been requested for reimbursement. Total reimbursement was not received until October of 2006. Failure to request funds timely could result in a loss of funds should the period of availability expire. In addition an undue hardship is placed on the district to provide funds to operate the program until funds are received.

Questions cost: none

Recommendation

The district should implement procedures to timely file request for reimbursement, preferably monthly, to insure funds necessary to operate the program are available and to insure no funds are lost due expiration of the period of availability.
